

Homework 7

Due Date: Friday, April 6, 2018

- a. Read **Clemen** Chapters 1 through 6 on your own. Pay attention to both the concepts introduced and to the case studies discussed.
- b. Read Chapter 7 of **Clemen**. You are encouraged to consult any introductory text on probability to beef up your background. The book provides several references. A particularly good reference is *any* edition of the book *A First Course in Probability* by Sheldon Ross published by Prentice Hall.
- c. Problems 7.1, 7.3, 7.4, 7.6, 7.7, 7.9, 7.11, 7.12, 7.14, 7.16.
