Texas Instruments
Innovation Challenge
North America Design Contest

$10,000 1st place

$7,500 2nd place

$5,000 3rd place

Plus category prizes!

TI's Innovation Challenge North America Design Contest is now open to all students of accredited universities in the U.S., Puerto Rico, Mexico, and Canada. To compete, students must use at least 2 analog ICs and a TI processor. Register for the contest early to receive your $100 coupon for free EVM's and let us know how we can help you start your design project with design support!

Step 1   Go to **ti.com/tiic-na** to register for the contest

Step 2   Submit your project
