Guidance for
Physics Students
(GPS)

PhySAB

Society of Physics Students (SPS)

- Group of students who love physics!
 - Social, academic and professional club
 - Foster a productive and inclusive physics culture
 - Have fun!
- Come to weekly meetings to:
 - Learn about undergraduate research
 - Criticize Hollywood Physics
 - Learn Python
 - Make friends!
- Other events include (hopefully):
 - Pizza meetings with professors
 - National Lab trips
 - Engineering Open House and public outreach

Society for Women in Physics

Social and **professional** society for female students who love physics

What do we do?

- We have **weekly meetings**
- We network with **female physicists (Tea Times!)**
- We participate in **EOH**
- We attend the **Conference for Undergraduate Women in Physics (CUWiP)**
- We take an **annual trip** to somewhere science-y in the spring!

Where and When?

Tuesdays 7-8 PM in Loomis 222!

Training Meeting: TBA

Physics Van

PHYSICS VAN COORDINATORS
Amanda Skittone and Sahaj Patel

PhySAβ

What do we do?

- Communicate between students and department
- Town halls
- Research Symposium
- Course Standardization
- Help improve the undergrad experience

When do we meet?

- Every other Saturday in the Interaction Room (Loomis 204) @ 2pm
- First meeting will be on September 4th
 - We will have cookies to take home at the first meeting!
