

Physics 199REL Assignment 1: Career Report

Identify and report on a career path that can be pursued with a physics degree.

You may not select the following careers:

- Physics professor
- High school teacher
- Researcher at a national laboratory

You are welcome and encouraged to discuss your career choice with Prof. Pitts

Research the career and prepare a short Power Point presentation (3 minutes) for the class. Your presentation should include:

- A description of the career.
- A review of the skills needed to enter this career
- An explanation of how a physics degree would align with this career path
- Recommended courses and career preparation
- How you found this information. A list of sources.

Timeline:

1. 16-Jan-12 assignment
2. 1-Feb-12 8:00am electronic presentation due
3. 1-Feb-12 2:00pm presentations in class
