Greetings!

Hour exam 2 will be Wednesday October 21st at 7:00 pm and cover units 8-14. Based on your positive responses to having physics TA’s proctor the physics exam, they have agreed to help out again for exam 2. So you do NOT need to do anything with CBTF for scheduling exam 2. (I’m asking them to remove us from their schedule to avoid confusion). Please use the physics gradebook if you are not able to take the exam at the scheduled time of Wednesday at October 21st at 7 pm.

1) Everyone has been registered in our system to take the exam at 7 pm on Wednesday. So if that works you don’t need to do anything.

2) If you need to take the exam at a different time, please go to the course gradebook https://my.physics.illinois.edu/gradebook/, you will now see a section labelled “upcoming exam information”

    ![Upcoming Exam Information Table](image)

You can choose a conflict time with the dropdown. But if that doesn’t work, click on the green “Request a special conflict link” (for example if you are in a different time zone). This will offer the 8 AM Thursday exam, as well as a place to write if none of the times work for you.

Thanks again for all of your efforts to make physics 211 a success!

We will provide more information next week.

Tim
