How to place a hold for a CPS course packet

The Phys 325 course packet “Approximate Lecture Notes” is available at the Illini Union Bookstore. If the Phys 325 shelf region is out of course packets, first check the back of the shelf. If there are still no copies left to purchase, go to the IUB Textbook counter to “place a hold.” A new copy will be available in your name within 24-48 hours (but not on Sat or Sun.) You will receive an email or phone call letting you know when it is available for pickup at the Textbook counter. If you have questions, call the Textbook counter at the IUB at 244 3730.
