

Homework Assignment #5, Scientific Poster (Print Deadline)

Submit the FINAL version of your poster for printing.

Email a PPT, PPTX or PDF file (no other format will be accepted) to Ms. Elisabeth Greifenkamp (greifenk@illinois.edu) no later than 8:00 AM on Monday, October 5.

Put “PHYS 499 Poster” in the subject line of your email—nothing else.

Put your surname in the file name using the following convention: Elliott_499Poster, so that Ms. Greifenkamp can readily tell who has submitted posters and who hasn't.

Your poster will not be printed if you do not submit the final version by the deadline. No extensions are possible if we are to meet the printer's deadline.

In addition to sending your poster to Ms. Greifenkamp, email copies to Professor DeMarco and Celia.

Ms. Greifenkamp will notify you by email when the proofs are available for your review. You are responsible for picking up your proofs from her office (337 Loomis), checking them for errors, and returning any corrections to her by the deadline she will provide you when you pick up your proofs.

Due: **BEFORE Monday, October 5, 8:00 AM**. This assignment is not eligible for rewrite points. If you fail to meet the deadline, your poster will not be printed, and you will receive 0 points for the assignment.

Total—200 points
