Week 7: Reading Assignment, Homework Assignment

Lecturer: Prof. Steven Errede

Email: serrede@illinois.edu

Office: 435 Loomis (4th floor, SW corner)

Office Phone: 333-0074. HEP Sec'ys: 441 Loomis (333-4452)

Office Hours: Anytime

Course Website: http://courses.physics.illinois.edu/phys598aem/

All lecture notes, homework, demos, references, etc. are available on the P598AEM website. Please spend some time checking these out!

Course Organization:

A. Lectures: Tuesday & Thursday, 12:30-1:50 pm, in 136 Loomis.

B. Weekly Reading and Homework Assignments: HW due following Thursday, in class.

C. Take-Home Midterm Exam: Oct. 10th, due Oct. 17th (in lieu of P598AEM HW 7). D. Take-Home Final Exam: Dec. 10th, due Dec. 17th.

Reading **Assignment For Week 7:** Please read/work through P598AEM Lect. Notes 13-14.

Homework Assignment For Week 7: Take-Home Midterm Exam – please see below.

Physics 598AEM Week 7 Homework Assignment

This week is the Take-Home Midterm – which as we discussed/agreed upon in class – each of you is to come up with one "good" (i.e. ~ "long") P598AEM-related problem or 3 shorter / simpler P598AEM problems – that are of interest to you, and better still, if they are e.g. specific / relevant to your own area(s) of research (and or interest(s)) and then do this/these problems.

Please write these up in a sufficiently detailed manner such that everyone in the class can read, understand and follow through the derivation of the problem. I'd also like each one of you to give a brief, ~ few minute presentation to the class on what you learned doing your own Take-Home MT exam. Your write-up on your Take-Home MT can thus be used for class presentation. I'd also like to post them on our P598AEM HW webpage, for future students taking this class...
